# ABSTRACT

This white paper is a reader-friendly description of the decentralized IWA coin based on the Binance Blockchain. IWA coin is not only an emerging cryptocurrency platform that is built on the Binance smart chain (BSC) but also has features of transparency and Initial coin distribution which we believe is crucial for the long-term feasibility and decentralization. IWA coin is a complete ecosystem that contains the staking, Mining, facility under an umbrella. Community members are also involved in decision making to make feel true ownership of their asset. It will increase the efficiency and availability of cryptocurrency to everyone, IWA coin will create an advanced economic infrastructure consisting of tools and training. Quickly becoming an unstoppable economic cornerstone to the world.

# INTRODUCTION

IWA Coin, a BEP-20, is a decentralized cryptocurrency of the modern world based on the Binance smart chain (BSC), a sovereign blockchain. IWA coin is designed as a high-performance to provide many services in 1 platform.

IWAcoin will be a whole ecosystem that will provide features like Staking, minning and referal program as well. Every IWA coin holder has an opportunity to promote the use of IWA coin to as many people as possible. When more transactions take place on the network, the individual net worth of someone who owns a piece of it rises.

Staking and will allow users to earn yield in a form of IWA coin . We are revolutionizing the market with a more open, accessible, and fair global financial system- with a decentralized Binance-powered crypto swapping. Unlike, other conventional platforms, our wallet allows users to generate more value to user's crypto-assets.

IWA coin provides traders across the globe with not only phenomenal transparency but also top-notch security and innovative ecosystem. The primary targets for IWA coins are general stores, small shops in cities with access to the internet, and online games and applications that give away rewards that are looking for an exchange medium for buying, selling, and rewarding the app users in a way that doesn't involve cash or time consuming and complex procedures at the bank.

The use of technology will facilitate a financial revolution that will leave everyone more financially connected, empowered, and enabled. In short, IWA coin is a solution base ecosystem in a single form. IWA coin provides an all-in-one decentralized platform where the Staking, and minning service comes under an umbrella.

# MISSION

Our mission is to "Lift IWA COIN to New Heights" by offering investors an innovative, user-friendly, one-stop-shop to find everything they need to not only locate a new coin about to launch but to research and make a more educated decision, as to whether or not to invest, utilizing a platform with a decentralized blockchain, to give every person in the world an equal chance to manage and improve their financial security.

Our Mission is to

- Provide every holder with simple and effective ways to gain exposure to digital assets.
- Decrease volatility and increase positive price pressure in digital asset holdings.
- Lower the barrier for entry to a more advanced financial ecosystem.
- IWA Coin VIP Member from Member Referral programs
- Accessibility and user-friendliness of IWA coin's
- Operate as a community-focused and community-driven digital asset, fully decentralized in every sense of the word.

# Mission

# Vision

We aspire to put “cryptocurrency in every portfolio.” We envision a world where wealth-building strategies that were once only accessible to affluent individuals become available to everyone, transferring the power over our financial systems back to the people. IWA COIN is going to create a revolutionary ecosystem to bring more people into digital assets, helping to earn a passive income through redistribution/reflection, by holding the IWA COIN long term, along with maintaining their privacy, security, power, and autonomy. We strive to create an ecosystem based on sound monetary policies, with a sound and solid decentralized foundation, that should be expected with the IWA COIN digital asset.

# IWA STAKING

IWA Coin works on the Binance platform, which is eco-friendly, working on a proof of stake. In addition to being the largest crypto exchange by trading volume, Binance offers exemplary staking services. Binance staking ensures users' funds are safe by leveraging effective security measures and providing Secure Asset Fund for Users (SAFU). Our staking method at the time of writing is arguably one of the safest and eco-friendliest methods (for cryptocurrency) to earn passive income. The platform stores all staked coins using a secure wallet and a double-checking system.

IWA staking is quickly becoming a practice of gaining passive income by merely storing or locking funds in a wallet as more individuals, including institutional investors

understand the crypto market's lucrativeness. Since staking cryptocurrencies necessitates certain technological crypto know-how and compliance criteria, IWA staking platforms are useful for allowing investors, including those lacking technical knowledge of cryptocurrencies, to stake proof of stake (PoS) coins and receive rewards. The staking network lends you their professional skills and authenticates stakes on your behalf for a small percentage of your staking prizes, allowing you to receive submissive profits. Staking platforms that enable investors to collect staking incentives have sprung up in response to the rapid growth in crypto staking. If you're interested in earning a passive income by staking, this is the place to be.

## Staking

# BENEFITS OF STAKING

Staking is advantageous in cryptocurrency as it generates rewards by holding the coin on any exchange and generates passive income. When an investor holds a coin and staking the pool, it is the easiest method to do, in a decentralized world. There is very sufficient energy consumption and stumpy probabilities of risks while staking than any crypto mining. IWA is here for you.

There are a few quantifiable benefits of Staking coin with IWA:

## NO HARDWARE IS REQUIRED

Unlike proof of work, there is no need of a specific equipment or hardware for crypto staking. Proof of stake works with no equipment requirements. The only requirement is to hold the coin for an interval of time by the holders on any exchange

## PASSIVE INCOME

Stake holders earn incentives by holding and controlling their digital wealth. Passive income for the beneficiary is the reward of staking.

## SCALABILITY

In the Blockchain world, scalability is a concept that is often used. It refers to a computational process's potential to be used or generated in a variability of ways. Proof of stake protocols, as shown by IWA higher transaction outputs and lower fees, make for greater scalability.

## ECO-FRIENDLIER

As Proof of stake blockchains are less energy-consumers, they are more environment friendly. Thus, they have a lower carbon footprint and have little or no environmental effects.

## MORE COST-EFFECTIVE

Proof of stake blockchains are always inexpensive and less energy-consuming platforms with no particular and expensive hardware requirements. Unlike proof of work chains, PoS is more cost-effective and eco-friendly. So, the stakers can earn more passive income by using IWA

## HIGHLY SECURED WITH THE HELP OF IWA CONTRACT

The biggest issue in the modern world is security and privacy, and IWA provides a swift and stable portal that is backed by the IWA contract, making him superior to others. Smart contract is offering a highly secure and fast platform to the users for staking crypto.

# IWA MINNING

We acknowledge the importance of the internet and consider it as the 5th necessity of life. Thus, we have introduced the IWA World WiFi campaign to give our members who own IWA coins unlimited use of the internet around the world. Members who own IWA coins can limitlessly use IWA World WiFi anywhere in the world with only one password.

Members who join the IWA World WiFi Smart Node network must purchase an IWA World WiFi smart mode Access Point device which costs 350 IWA. These devices will be used for mining. You can use it by plugging the device in, connect it to the internet, and enter the member password. After that, you are ready for IWA coin mining. The IWX World WiFi Smart Node can be purchased using the IWA App. Every member will receive IWA coins every hour as a reward. The number of the reward tokens depends on the number of users in that Node at that time.

# IWA App

IWA Coin is available for purchase via the IWA Coin application, which can be downloaded on App Store and Play Store. IWA is a software application in which you can store your coins. However, coins does not exist in any physical shape or form. coin can't technically be stored anywhere except wallets. . You'll be able to glance quickly at your crypto currency investments. You can also have it send you notifications when prices reach a specified threshold. There is also a news section if you're interested in keeping up with what's new in the industry. You can keep IWA Coins in Wallet on the IWA Coin application, Binance Wallet, Trust Wallet, and MetaMask Wallet, which all have a robust security system that can handle high numbers of users. And soon, you may also be able to store your IWA coin on any verified trading platforms. This type of software is easy to use and reliable while also being secure and fast

Here are some of the important features of Wallets:

- Easy to use.
- Highly secure.
- Low transaction fees.
- Allows instant transactions across geographies.
- Allows transactions across multiple cryptocurrencies.

**CRYPTO WALLET**

# Why IWA?

IWA coins were created on Binance smart chain (BSC) network to be an option that functions faster and costs less than other available payment platforms such as SWIFT.

Binance Smart Chain (BSC) was designed to support the protocols that were developed on the Ethereum network. Therefore, it can complete any transactions and transfer tokens within a few minutes.

## Transparency & immutability

With the IWA, each time exchange of coins is recorded on the BINANCE blockchain, an audit trail is present to trace where they came coins from. This can not only help improve security and prevent fraud in exchange-related businesses, but it can also help verify the authenticity of the traded assets.

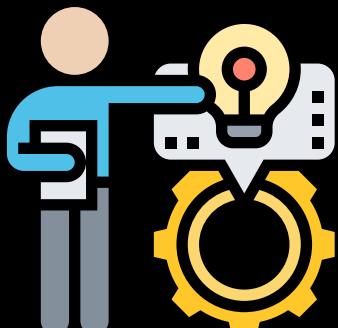

## Lower Fees

The fees associated with IWA transactions are far less than those associated with debit, credit cards as well as wire transfers, and BACS payment.

## User-Friendliness

Accessibility and user-friendliness of IWA coin's development are the features that make it very easy to use, even for the users who do not know cryptocurrencies well. Tokens can be easily and swiftly purchased via the IWA application or general trading sites. IWA coins can also be mined by IWA WiFi Smart Nodes.

# Why IWA?

## Easy Accessibility

The primary targets for IWA coins are general stores, small shops in cities with access to the internet, and online games and applications that give away rewards that are looking for an exchange medium for buying, selling, and rewarding the app users in a way that doesn't involve cash or time consuming and complex procedures at the bank.

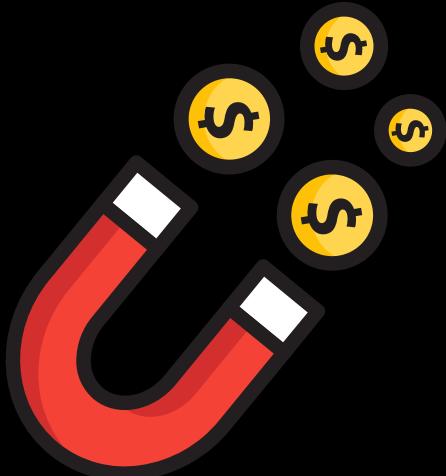

## Free from government interference

IWA transactions have no intermediary institutions or government involvement, the costs of transacting are kept very low. Additionally, any transfer happens very quickly, eliminating the inconvenience of typical authorization and waiting period requirements.

## Referral programs

To sign up for a membership, all members must first buy 100 IWA coins. After that, the members can use the platform unlimitedly. There are three levels of VIP Member: Standard, Platinum, and Gold. Members from each level will gain different, consistent, and steady revenues depending on the number of members in that person's team.
